

Competitor
LED @175W

Actual installation. Photos taken at identical exposure.
Measured photometry. 25' Spacing, 35' Ceiling, 28'
Mounting, 24' Rack Height, 9' Aisle Width

FILAMENTO
LED @88W

LA1 LED Aisle Lighter

2x Efficiency Enables ROI

Your Gen-1 LEDs are out of warranty.
Every failure is now on your maintenance budget. It doesn't have to be!

Replacing fixtures one at a time is expensive. And a total replacement with a like-for-like LED fixture has no ROI. Filamento's patented 2x-efficiency technology changes that: the metered savings are large enough to finance the entire project: brand-new fixtures under new warranty.

2x \$

2x Efficiency vs. other LEDs

Patented optics deliver 2x FC/W.
The same light for half the energy.

No Sensor Relay Failures

Low-voltage dimming eliminates high-voltage relays. No driver stress, longer fixture life.

Bug Proof

LED Lens compartment is IP65 protected from intrusion of water, dust and bugs.

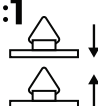

WIRELESS

Controls/Sensor Ready

Tool-free installation.
Optional PIR, wireless, and BMS integration.

1:1

1:1 Retrofit

Same positions, same hangers, same wiring.
Unhook the current fixture, hang the new one.

Lower Glare

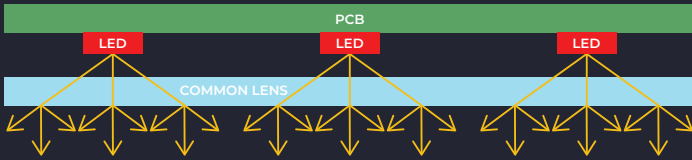

By delivering light where it's needed, less light goes into your eyes.

FILAMENTO CREATES THE ROI. THE SAVINGS PAY FOR IT ALL.

THE FILAMENTO DIFFERENCE

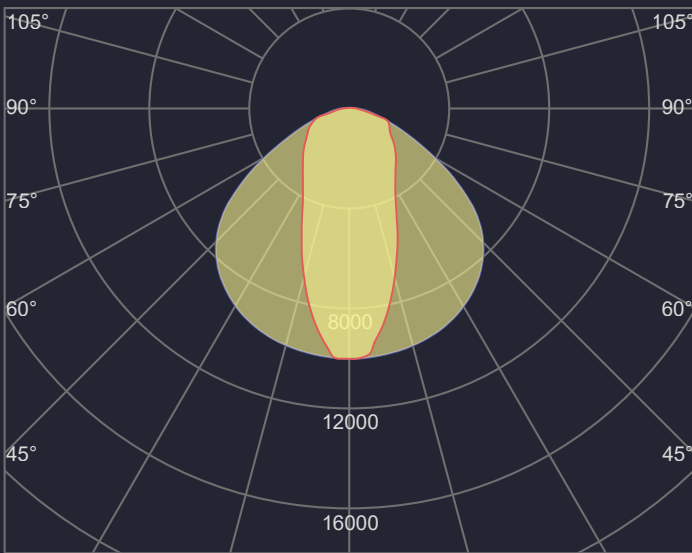

2x Higher FC/W / 2x more light on target

Competitor LED "Aisle" Lighter @100W

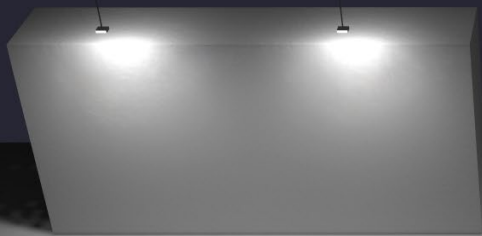

Common Optic

Poor distribution resulting in wasted high-angle light
Poor peak intensity.

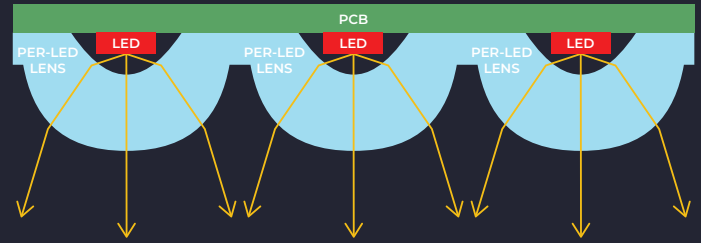

Wide angle → wasted light at top of rack

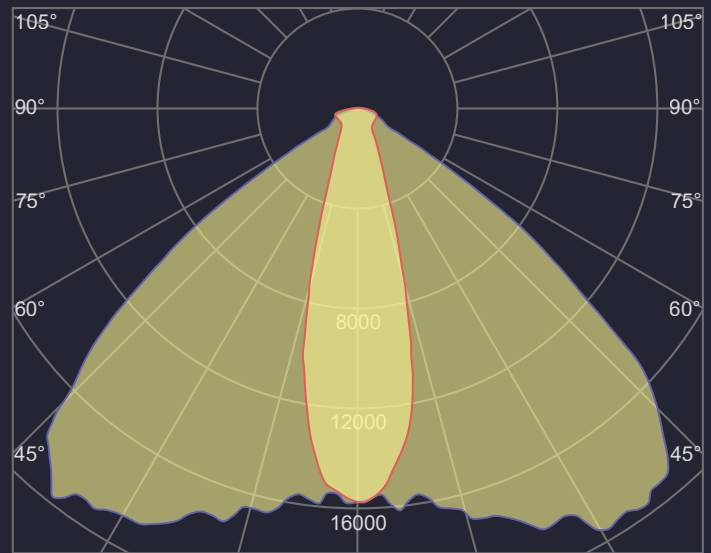

Poor peak candela results in
poor floor foot candles

Filamento LED Aisle Lighter @100W

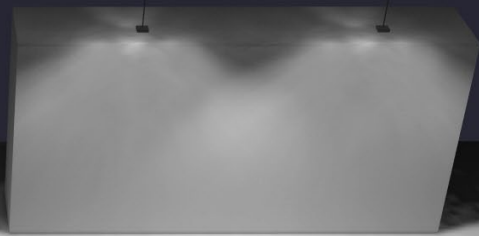

Patented Per-LED Optics

Light precisely tailored to aisle geometry
2x peak intensity.

Even illumination across vertical rack surface

2x higher peak candela results in
2x higher floor foot candles

SEND US YOUR LAYOUT. WE'LL SHOW YOU THE SAVINGS.
